PROFESSIONAL SUMMARY

Passionate web developer with 2 years of experience crafting quality applications. Proficient in test automation using Selenium and Jasmine, ensuring seamless user experiences. Expertise spans both front-end (React.js, Angular) and back-end (Node.js, Spring Boot) development, with a strong foundation in the MERN stack. Continuously learning and driven to tackle innovative projects and contribute to high-performing teams.

WORK EXPERIENCE

Full Stack Developer   Jan 2023 - Present
Teklend • Aouina, Tunisia

- Developed dynamic web applications using Angular and Spring Boot with a focus on clean code and user-centric design.
- Implemented robust automated tests for web applications using Selenium and Jasmine, ensuring functionality and reliability.
- Led the development of various web applications, enhancing user experience and maintaining high-quality standards.

Maintenance Management System   Apr 2024 - May 2024
Freelance

- Developed a comprehensive GMAO system for maintenance management using Angular 17 and Laravel 11.
- Utilized MySQL for efficient data storage, ensuring robust data integrity and retrieval.
- Integrated Syncfusion components to enhance the UI, providing a responsive and intuitive user experience.
- Implemented role-based access control, managing locations, equipment, users, and work orders efficiently.

PERSONAL EXPERIENCE

Estate Marketplace   July 2024 - July 2024
Personal project

- Developed a modern real estate marketplace using the MERN stack.
- Implemented advanced authentication mechanisms including JWT, Firebase, and Google OAuth for secure user access.
- Utilized Redux Toolkit for state management, ensuring seamless data flow across the application.

Thread App   Jan 2024 - Jan 2024
Personal project

- Developed a threaded discussion application using Next.js, Tailwind CSS, and TypeScript.
- Demonstrated proficiency in front-end development and full-stack JavaScript technologies.
- Leveraged Next.js to create a responsive and efficient web application.

My Portfolio   Dec 2023 - Dec 2023

- Developed a portfolio website using React and Next.js for efficient app routing and server-side functionality.
- Utilized TypeScript to ensure codebase reliability and maintainability.
- Implemented Tailwind CSS and Framer Motion for a sleek and dynamic user interface.
- Integrated React Email & Resend for streamlined communication.
- Deployed the portfolio on Vercel for a reliable hosting solution.

Lawyer Appointment Booking System   Oct 2022 - Dec 2022
Personal project

- Developed a full-stack application using the MERN stack to facilitate online appointment scheduling between lawyers and users.
- Designed and implemented user authentication features to ensure secure access and user management.
- Built a calendar system integrated with the back-end for efficient appointment scheduling and visualization.

EDUCATION

MASTER IN SOFTWARE ENGINEERING   Sep 2024 - Present
Polytech Intl • Lac 1, Tunisia

Bachelor's Degree in Electromechanics   Sep 2014 - July 2017
Faculty of Science • Gafsa, Tunisia

Baccalaureate in Informatics   Sep 2009 - July 2012
high school Lala • Gafsa, Tunisia

CERTIFICATE

- Full Stack JS MERN Web Developer - Go My Code - Expected completion in January 2023
- Front-End Web Developer - Udemy - Expected completion in June 2022.

SKILLS

Technical Skills:

* Web Development: HTML & CSS, Bootstrap, MaterialUI, JavaScript, ES6, TypeScript, Java, React, Redux, ReduxToolkit, React-bootstrap, Next.js, Angular, Tailwind CSS and Framer Motion
* Database Management: MongoDB, MySQL
* Server-Side Development: Node.js, Express.js, Spring Boot, API, Rest API
* Operating Systems: Linux
* Testing and Automation: Jasmine, Selenium
* DevOps and Tools: Git & GitHub, GitLab, Jenkins

Soft Skills:

* Problem-Solving
* Creativity
* Adaptability
* Communication
* Time Management
* Attention to Detail
* Security Awareness
* Testing and Debugging

LANGUAGES

* Arabic: Native Speaker
* English: Fluent
* French: Fluent
